

DATA TECH ALPHA PVT LTD

JOB DESCRIPTION – DATA SCIENCE / DATA ANALYTICS / DATA ENGINEERING INTERNSHIP

Company: DataTech Alpha Pvt. Ltd.

Location: Remote (Work From Home)

Internship Type: Online | Part-Time/Full-Time | 2–6 Months

Stipend: Performance-Based / Certificate Only (depending on program)

Start Date: Immediate / Batch-wise

ABOUT DATATECH ALPHA PVT. LTD.

DataTech Alpha Pvt. Ltd. is a fast-growing IT solutions and training company delivering **custom software, web & mobile applications, data-driven solutions, and corporate training programs**. We bridge the gap between academics and industry by offering **structured internships** with real-world project exposure in emerging technologies.

ROLE: DATA SCIENCE / DATA ANALYTICS / DATA ENGINEERING INTERN

As an intern, you will gain **hands-on experience in data handling, analytics, visualization, and engineering pipelines**, while contributing to live projects. You will work closely with mentors to apply **machine learning, data visualization, and big data concepts** to real business problems.

KEY RESPONSIBILITIES

- Collect, clean, and preprocess datasets for analysis.
- Apply **statistical methods, machine learning models, and predictive analytics** on structured and unstructured data.
- Build **data visualizations and dashboards** using tools like Power BI, Tableau, or Python libraries (Matplotlib, Seaborn).
- Work with databases (**MySQL, MongoDB**) for query optimization and data management.

- Develop and maintain **data pipelines and ETL workflows** for scalable solutions.
 - Document results, create reports, and present insights to stakeholders.
 - Collaborate on **real-time projects** under expert mentorship.
-

SKILLS & TECHNOLOGIES YOU WILL LEARN/USE

- **Programming:** Python (Pandas, NumPy, Scikit-learn, TensorFlow/PyTorch basics)
- **Data Visualization:** Matplotlib, Seaborn, Power BI, Tableau
- **Databases:** MySQL, MongoDB
- **Data Engineering Tools:** Apache Spark, Hadoop (introductory exposure)
- **Other Tools:** Jupyter Notebook, GitHub, Excel

ELIGIBILITY

- Students from **B.Tech/B.E., BCA, MCA, B.Sc (CS/IT/Maths/Statistics), M.Sc, MBA Analytics** or related fields.
- Open to **2nd year – final year students** or recent graduates.
- Strong analytical and problem-solving skills.
- Basic knowledge of **Python, SQL, or statistics** preferred.
- Passion to explore data-driven solutions.

PERKS & BENEFITS

- Internship Certificate from **DataTech Alpha Pvt. Ltd.**
- Live project experience for **resume & portfolio building**.
- Flexible work hours with remote mentorship.
- **Pre-Placement Offer (PPO)** opportunity for top performers.
- Career guidance, resume-building workshops, and LinkedIn recommendations.

SELECTION PROCESS

1. Application & Resume Screening
2. Online Aptitude/Technical Test (if applicable)
3. Virtual Interview & Shortlisting
4. Onboarding & Project Allocation

Best & Regards,

Team DataTech Alpha
